

Name _____ Hour _____ Date _____

Survey creation or administration:

What was the most challenging aspect of administering the survey?

Was the class able to get an accurate cross-section of the school? Why or why not?

What type of feedback did you receive from teachers?

What type of feedback did you receive from students?

What would you do differently next time?

What would you do the same?

What new question would you ask if you did the survey again?

Result reflection:

What surprised you about your school results?

What surprised you least about the school results?

Did the student responses mimic the racial and religious breakdown of the school?

How has this changed your view of free expression?

How has it reinforced your view of free expression?
